

Dual Port Socket EV Charger

EU

Dual Port Socket EV Charger

OCPP 1.6J

RFID

Wi-Fi

ISO15118

Electricity Meter

Features

- User friendly 7" touch screen
- Environmental Friendly
- Modularized design, convenient to expand and maintain
- Adjustable power as needed from 16-30A Max
- Multiple connectivity: Ethernet, 4G (optional), WiFi and bluetooth
- IP65 and IK08 protection rating for both indoor and outdoor use
- Easy and simple installation

Suitable for EU

Electrical Parameter	Three phase input: 400VAC 50-60 Hz	
	2 × 16A Max	2 × 30A Max
	2 × 11kW at 400 VAC	2 × 22kW at 400 VAC
Input Cord	Hardwired	
Output Cable & Connector	Dual socket&Dual cable (IEC62196-2 standard compliance)	
Environmental Parameter	Protection Class IP65: Weatherproof, dust-tight	
	IK08: Resistant polycarbonate case	
	OperatingTemperature: -22°F to 176°F(-30°C to 80°C)	
Dimensions	13.2in x 17.7in x 6.3in (335mm x 450mm x 160mm)	
Standards	IEC 61851-1,IEC61851-21-2,IEC62196-2,OCPP 1.6J compliance	
Certification	CE.UKCA.CB Listed	

Optional

RFID

4G Module
