Company Profile

Dalle Factory was founded in 2016, Located in Zhongshan city, China. We have been professional food dehydrator and slicer manufacturer for more than 6 years.

Covering an area of total 5000 square meters and with more than 80 workers, possessing powerful R&D, production and sales team. Our factory is equipped with large laser cutting machines, bending machines, hydraulic machines, and also independent laboratory, one-stop production from accessories to finished products and provide more benefit to customers.

Our production are strictly in accordance with ISO9001 quality management system. All our products are certified with 3C, CE, CB, ROHS and ETL and export to Europe, Southeast Asia, Australia, Africa and USA.

We always believe that the innovation is the foundation of the enterprise development.

Hence we will devote to researching and producing more utility models of household & commercial appliances all the time, bringing more innovative life to global consumers.

Freeze Dryer

Lyophilizer (freeze dryer) executes a water removal process typically used to preserve perishable materials, to extend shelf life or make things more convenient for transport.

Lyophilizer works by freezing the material, then reducing the air pressure and adding heat to allow the frozen water in the material to sublimate.

DFD-04

Power: 1200W
Voltage: 220-240V~50Hz/60Hz 110V~60Hz
Drying Area: 0.27m ²
Product Size: 440*575*670mm
Tray Qty: 4
Minimum Temperature: -40°C
Noise Level: 60dB
Control: Digital Control
G.W.: 100KG
Package Size: 520*650*800mm
Container Loading: 20GP/120pcs 40HQ/246pcs

Features:

- Optimized compact design;
- SS304 material liner and trays;
- Overseas imported compressor, stable and efficient;
- Famous branded vacuum pump, low noise and no oil mist;
- Advanced intelligent drying program, easy operation;
- High dehydration efficiency, energy saving;
- Real time status display;
- Clear observation window.

DFD-06

Power: 1500W
