TIKO 弧形沙发

弧形沙发的出现，打破了传统方方正正的沙发的硬朗，曲线的造型在一定程度上可以弱化直角的尖锐感，视觉上的感觉，给人带来温馨、舒适的既视感。弧形沙发的造型优雅，线条柔和，打破了固有的线条，会让整个家居空间显得开阔。

The emergence of curved sofas has broken the traditional square and upright sofas toughness. The curved shape can weaken the sharpness of right angles to a certain extent, bringing a warm and comfortable visual feeling. The curved sofa has an elegant design with soft lines, breaking the inherent lines and making the entire home space appear spacious.

Marenco 沙发

充满设计感的沙发，45D高密度回弹海绵与进口皮料相结合，让坐感和靠感更加松弛有度，一瞬间让人深陷其中。沙发艺术性和实用度相得益彰，时尚大气，尽情感受意式美学的魅力。

A sofa full of design sense, combined with 45D high-density rebound sponge and imported leather material, makes the sitting and leaning feel more relaxed and comfortable, instantly immersing people in it. The artistic and practical aspects of the sofa complement each other, creating a fashionable and atmospheric atmosphere, allowing you to fully experience the charm of Italian aesthetics.

Brera 沙发

布雷拉沙发整体没有过多的修饰，横平竖直干净利落，浅浅的弧度暗藏在细节里，一眼看上去舒适而舒服。沙发保留了最极简的功能，C字型边几设计，代替了常规的扶手，增加沙发的实用性的同时，还让整个沙发的设计与质感显得更加独特。坐垫与靠包采用了进口的棉麻布料，更耐磨，更亲肤透气。

The Brera sofa is not overly decorated overall, with a clean and neat horizontal and vertical design. The shallow curves are hidden in the details, making it look comfortable and comfortable at first glance. The sofa retains its minimalist function, with a C-shaped side table design replacing the conventional armrests, increasing its practicality while also making the overall design and texture of the sofa more unique. The seat cushion and backrest are made of imported cotton and linen fabric, which is more durable and skin friendly and breathable.

迪伦/DYLAN沙发

宽大的扶手和靠背，做了时尚的弧线设计，从人体工学的角度看，会让身体背部与沙发更加贴合。同时，在接触面使用柔软的填充，塑造出“微鼓”的造型，起到了背部支撑的效果。纯手工制作的棉布有明显的凹凸感和它的工艺难度，为这款沙发凭添了几分高贵的气质。最后迪伦沙发的高脚支撑加薄基座的悬浮设计，不仅人沙发本身呈现出立体的空间感视觉效果，同时方便扫地机器人的自由进出的实用需求。

The spacious armrests and backrest, with a fashionable curved design, from an ergonomic perspective, will make the back of the user more in line with the sofa. At the same time, soft filling is used on the contact surface to create a "slightly bulging" shape, providing support for the back. The handmade cotton fabric has a distinct textured texture and its craftsmanship difficulty, adding a touch of nobility to this sofa. The high foot support and thin base suspension design of the Dylan sofa not only presents a three-dimensional spatial visual effect, but also facilitates the practical need for the free entry and exit of the sweeping robot.

科尔达斯沙发

沙发外框使用温暖复古的胡桃木色，一体成型的整片式曲木背板，如同山峦线条绵延，流畅清晰的上水纹，让沙发更加自然灵动。高回弹海绵填充不塌陷，双层亲肤梭织面料，自带回弹感，厚实软弹，可倚可坐。整齐精细的车缝工艺，突出了这款沙发大胆的搭配与创意。它将优雅与实木完美融合，圆润弧形的设计，将优雅与炫酷线条发挥得淋漓尽致。无论是坐、靠、躺，都是非常休闲与舒适的。

The outer frame of the sofa is in a warm and retro walnut color, with a one-piece curved wooden backboard that stretches like mountain lines and smooth and clear water lines, making the sofa more natural and dynamic. High rebound sponge filling does not collapse, double-layer skin friendly woven fabric, with a built-in rebound feeling, thick and soft elasticity, can be leaned and sat. The neat and delicate stitching technique highlights the bold combination and creativity of this sofa. It perfectly blends elegance with solid wood, with a rounded and curved design that showcases elegance and cool lines to the fullest. Whether sitting, leaning, or lying down, it is very casual and comfortable.

Moncloud 沙发

是一款极其优雅的多功能沙发，旨在重新思考软垫家具设计，着眼于圆形。木质结构将软垫部分抬离地板，使整个沙发呈现出云朵般的轻盈和柔软。织物内饰包裹着沙发的轮廓，形成独特的褶皱，增强了其轮廓的美感。靠背垫由中心缝线定义，为每个模块带来独特、精致的美学特征。沙发的环保核心由金属骨架组成，金属骨架包裹着绗缝的再生 PET 纤维填充物，该填充物像包裹被子一样包裹着靠背和扶手结构。

Moncloud is an extremely elegant, versatile sofa, studied to rethink upholstered furniture design with an eye to circularity. The wood structure lifts the upholstered parts off the floor, lending the entire sofa the lightness and softness of a cloud. The fabric upholstery envelops the contours of the sofa, creating a distinctive fold that enhances the beauty of its silhouette. The backrest cushions are defined by centre stitching that lends a unique, sophisticated aesthetic signature to each module. The eco-minded core of the sofa is composed of a metal skeleton wrapped in quilted recycled PET fibre padding that embraces the backrest and armrest structures like an enveloping comforter. Even the soft seat cushions are made of recycled PET.

Westside 沙发

Westside 是一款现代多功能沙发系统，优雅地改写了起居区的体验。软垫模块可以并排放置，以创造出最多样化的配置——从双面岛到经典的转角沙发——而符合人体工程学的躺椅、移动靠背和小桌子等元素则丰富了其功能。欢乐的原型，可以以最大的自由度进行安排和体验。

Westside is a contemporary, multifunctional sofa system that elegantly rewrites the living area experience. The upholstered modules can be placed side by side to create the most diverse configurations - from the double-sided island to the classic corner sofa - while elements such as the ergonomic chaise longue, the mobile backrest and the small tables enrich its functionality. An archetype of conviviality, to be arranged and experienced with the utmost freedom.

Epoque 沙发

沙发既成为放松的家具，又成为客厅的时尚标志。作为单人沙发，其结构由实心卡纳莱托胡桃木或抛光黑漆木制成；它的底座去掉了织物覆盖物，以显示其裸露的木质结构。扶手和靠背的饰面采用维也纳藤制成，这种材料具有古董和高贵的外观和制造工艺。

The sofa becomes both a furnishing item for relaxation as well as an icon of style for your living room. Proposed as a single sofa, its structure is made of solid Canaletto walnut wood or polished black lacquered wood; its base quits fabric covers to show its naked wooden structure. Armrests and backrest's finishes are in Viennese cane, a material having antique and noble looks and manufacture.

Sengu 沙发

这款沙发凭借其宽敞的体积和简单几何形状的精致设计，带来绝对的舒适感，其开放的形式旨在重新发现欢乐的维度。Sengu Sofa 受到 Cassina 系列中反复出现的东方主题的启发，并在 Charlotte Perriand 的作品中得到了特别体现，Sengu Sofa 以其独特且非传统的构造而脱颖而出，全部采用天然材料和颜色。它的结构由带状钢框架和两根木梁组成，优雅地完成，唤起了日本人的记忆；沙发的靠背和扶手采用外部绗缝的柔软折叠设计，增强了其人体工程学设计。沙发的靠垫上也重复了同样的细节。

索里亚娜沙发

舒适的理念本身就变成了沙发。Soriana 于 1969 年诞生，得益于 Afra 和 Tobia Scarpa 的直觉愿景，注定要改写软垫家具的历史。通过利用新的聚氨酯泡沫成型技术，他们首次制作了一款不需要内部支撑的沙发，而是通过包围它的金属结构的抓握来形成其形状。它处于正式与非正式之间的最佳位置，充满吸引力，并对新的生活方式持开放态度；1970 年，Soriana 因其通过简单工具实现复杂性的杰作而荣获 Compasso d'Oro 奖。
