YES

Input wire Connect

IMPORTANT WARNING

- Please read the instructions carefully before installation and preserve it well.
- Recommend, the lamp must be installed and assembled by a qualified electrician.
- The mains supply should be turned off before installation.
- Do not turn the lamp on before the end off the installation.
- Please use proper wire for connection.
- The installation of power supply into circuits with large inductive loads or voltage surges should be avoided.
- The output leads should be kept separate and apart from input leads.
- The length of output leads should be typically 0.5m-2m in order to keep radio interference minimum.
- Always ensure that the correct type of LED strip is used and that the maximum rating is not exceeded.
- The label power of LED strip must match the output power of the power supply.
- The power supply is for indoor and outdoor use.
- It is not intended that this product is used by children, or persons with reduced physical, sensory or mental capabilities.
