COMPANY PROFILE

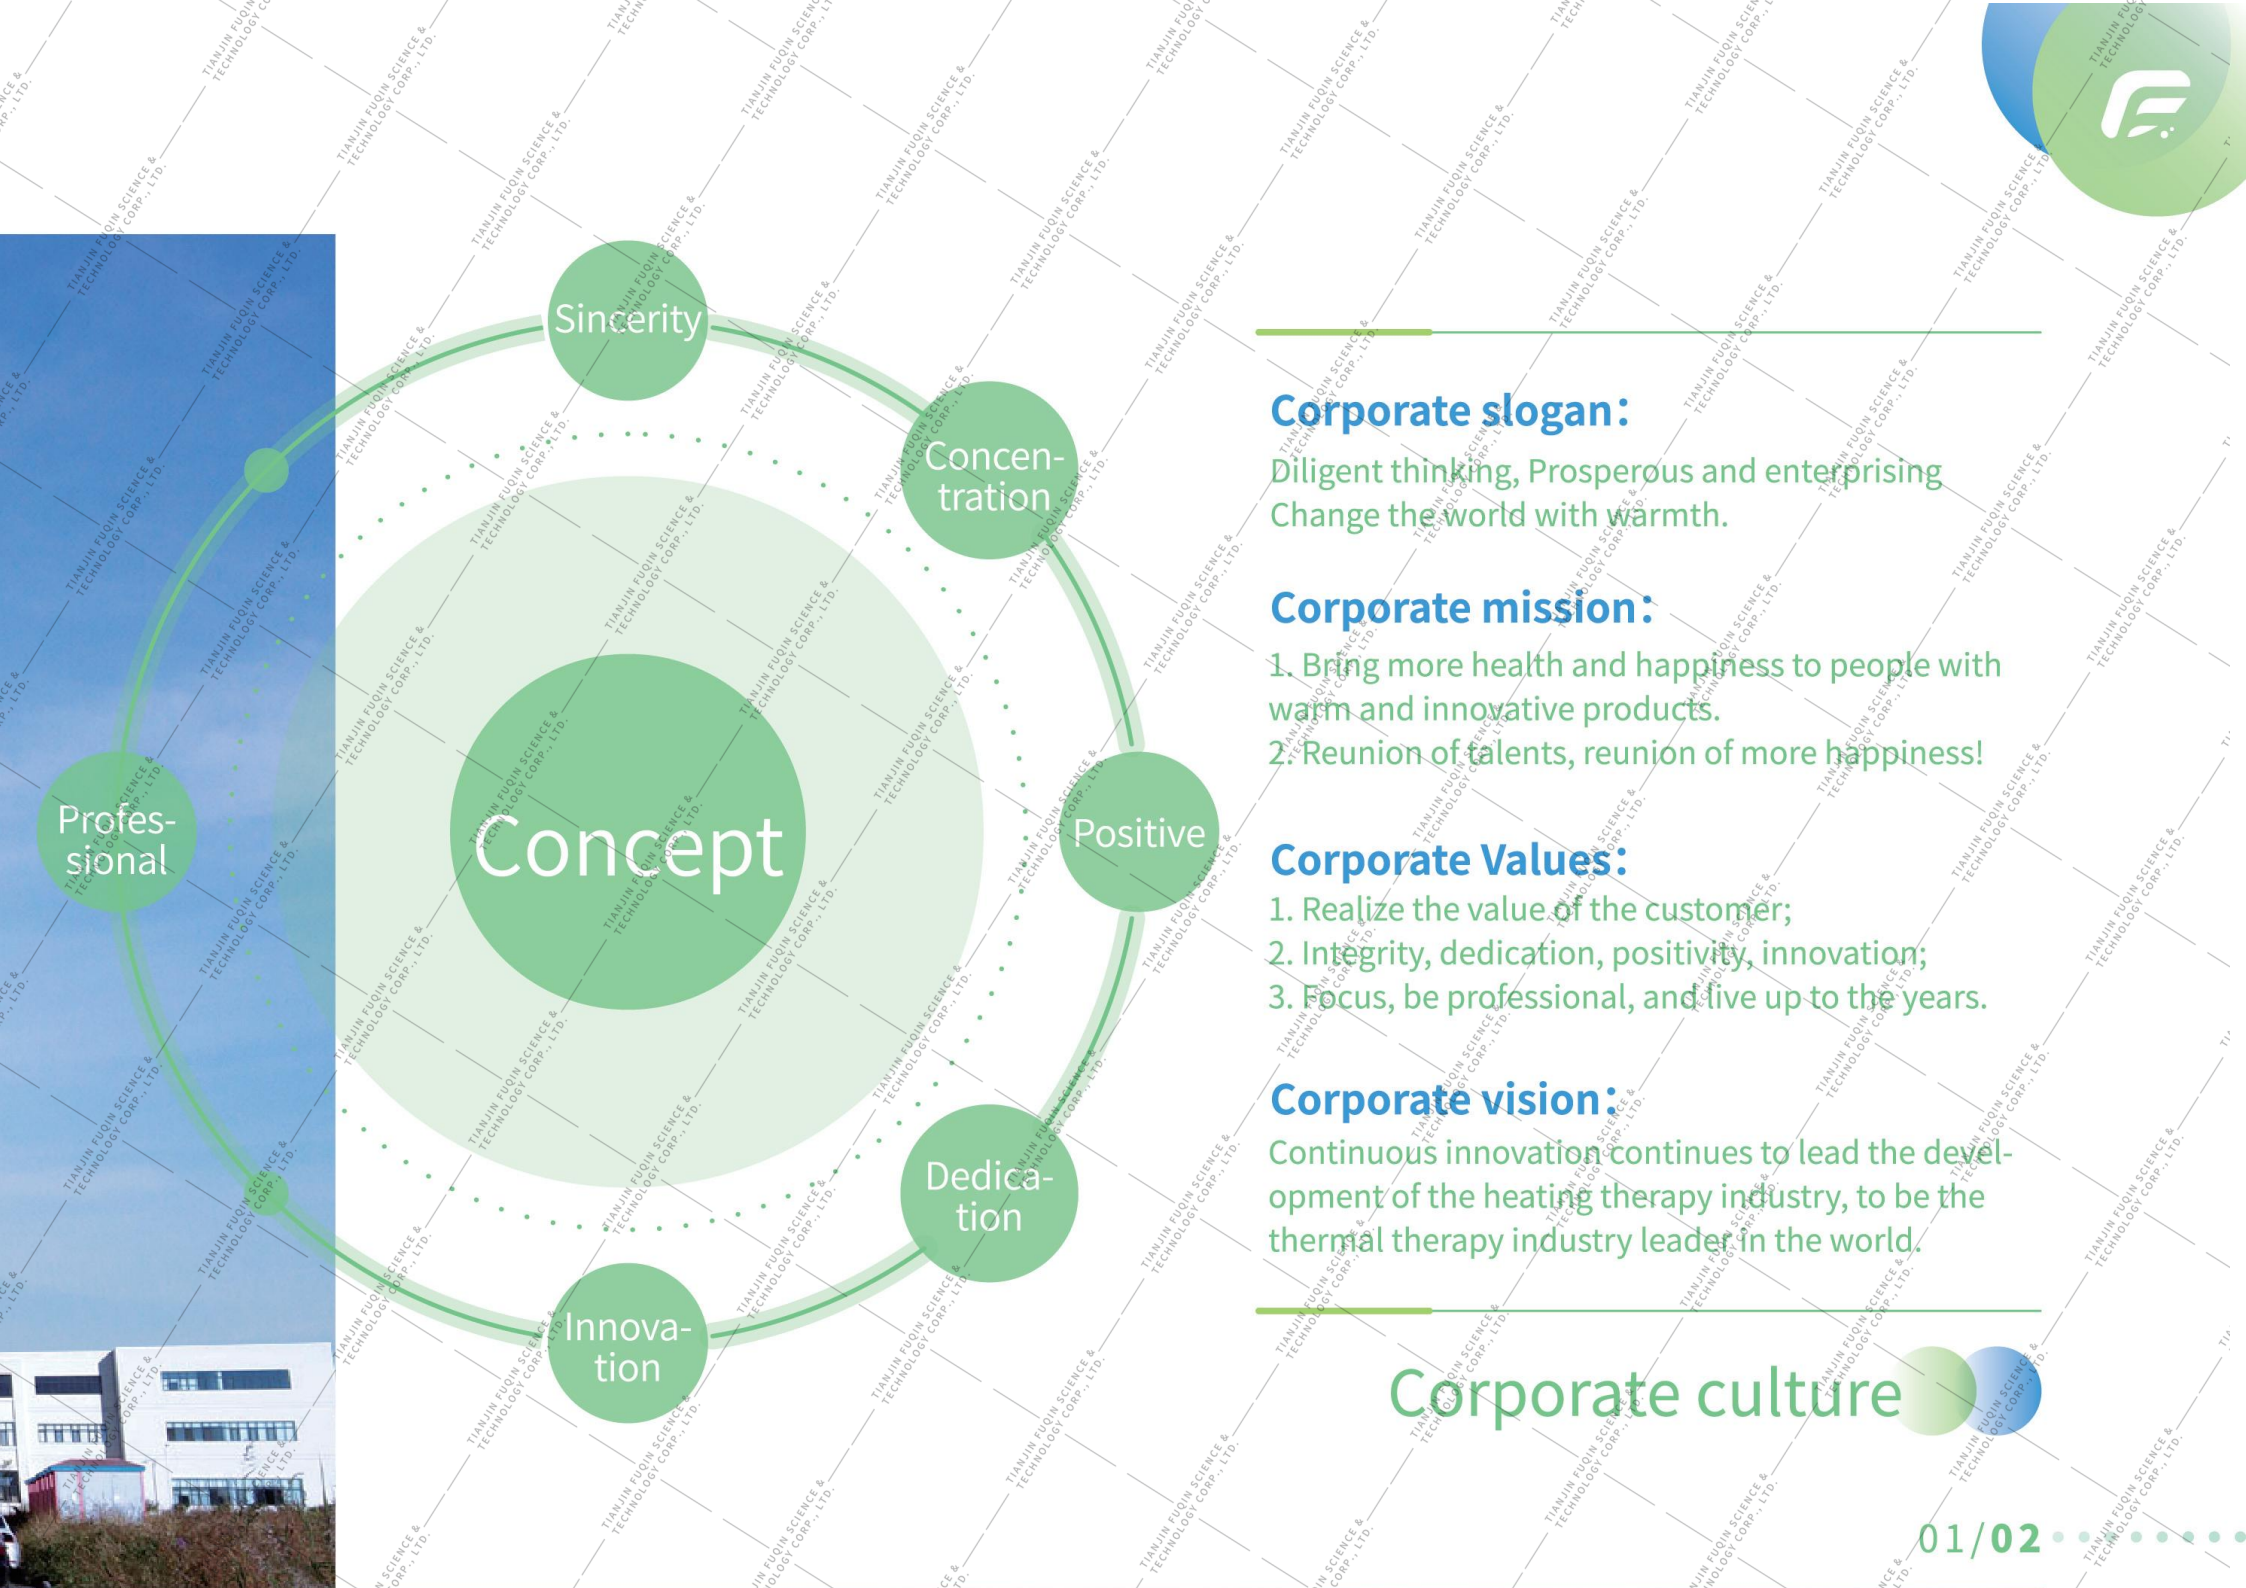

Tianjin Fuqin Science & Technology Corp., Ltd was established in 2006 as an innovative high-tech manufacturing enterprise. Focus on thermal care products in the health and beauty field. Adhering to the concept of Innovation, Excellence, and Integrity, we have been devoting ourselves to research and developing innovative products to provide a better life for humans since the company was founded.

For now, many of our products are popular in people's lives, like Outdoor heat pads, Medical pain relief heat pads, Detox foot patches, Steam eye masks, steam facial masks, and many other innovative products, even some products with leading industrial technology have specific sole patents. The daily capacity can reach 1 million pieces.

We have a full series of certificates for overseas markets, for example, CE class II a, FDA, ISO13485, BSCI, MSDS, etc. The products have been sold worldwide, especially in the USA, UK, Germany, Russian market, etc.

With more than 17 years of exploration, we are clearer in the direction of future development of the industry, will adhere to the principle of innovation, and integrity, insisting customer first, and keep on researching the forefront technology of the industry to provide more excellent solutions for the thermal care district.

Concept

Corporate slogan:

Diligent thinking, Prosperous and enterprising
Change the world with warmth.

Corporate mission:

1. Bring more health and happiness to people with warm and innovative products.
2. Reunion of talents, reunion of more happiness!

Corporate Values:

1. Realize the value of the customer;
2. Integrity, dedication, positivity, innovation;
3. Focus, be professional, and live up to the years.

Corporate vision:

Continuous innovation continues to lead the development of the heating therapy industry, to be the thermal therapy industry leader in the world.

PRODUCT DISPLAY

Technical advantages

Pupil protection ring patent technology

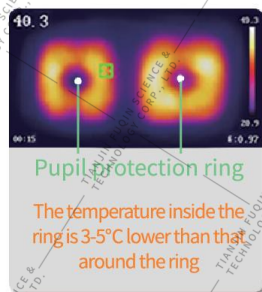

More than 30 minutes
steam emission
Patent number:
ZL201310124891.7

Thermostatic protective layer
Patent design of 12mm pupil protection ring
Steam release layer
Skin-friendly water-locking layer
Elastic ear loop

Physically molded into thin sheets without any chemical adhesives

40°C constant
temperature control

300-320mg of
steam emission

30+ min
heating time

Obtained steam capacity test patent:
ZL201821881055.8

Steam emission for 30 minutes to warm eyes and
protect pupils.
Delicate and abundant steam, eye skin fully moist

It only heats the area around the eyes, not the eyeballs

CORE TECHNOLOGY
It only heats the area around the eyes, not the eyeballs

PRODUCT DISPLAY

Steam Eye Mask Series

Chinese exclusive technological invention
"Special pupil protection ring"

 Chinese Invention Patent number :ZL201310124891.7

The hot compress of the steam eye mask can not only promote the eyelids, reduce the evaporation of tears, improve the shape of dry eyes, improve the blood circulation around the eyes and entangle eye fatigue, but also have a certain effect on relieving dry eye syndrome.

Ophthalmologist recommended

Benefits for people with dry eye syndrome.

OUR SELLING POINT

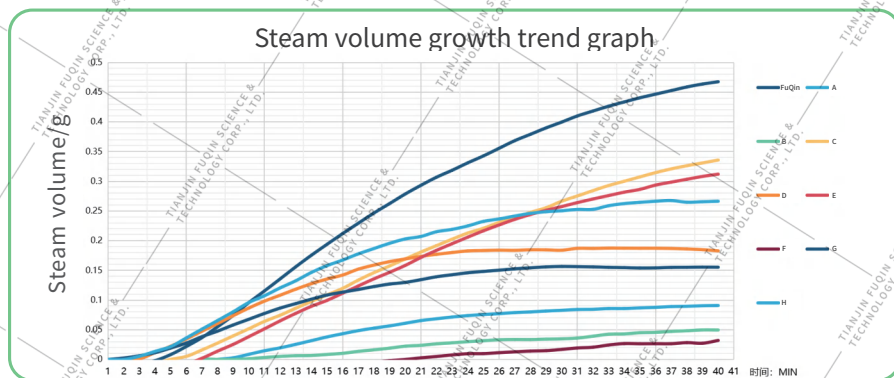

PRODUCT DISPLAY

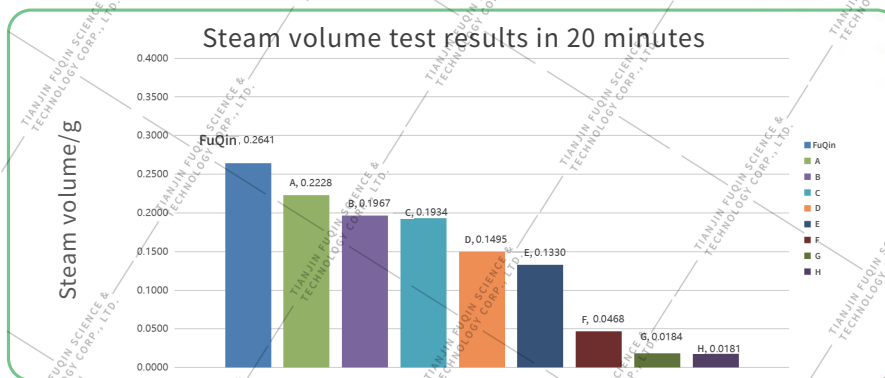

Technical advantages

Technical advantages of "Pupil protection ring" steam eye mask

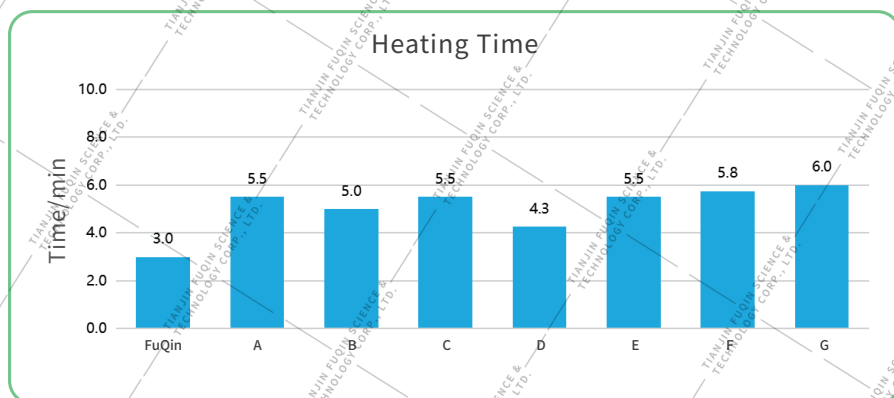

1. Steam volume growth trend (whole-process slow-release technology): The steam volume of our steam eye mask continues to increase within 40 minutes, while the steam volume of similar products tends to flatten out after 20 minutes and stays within a certain standard.

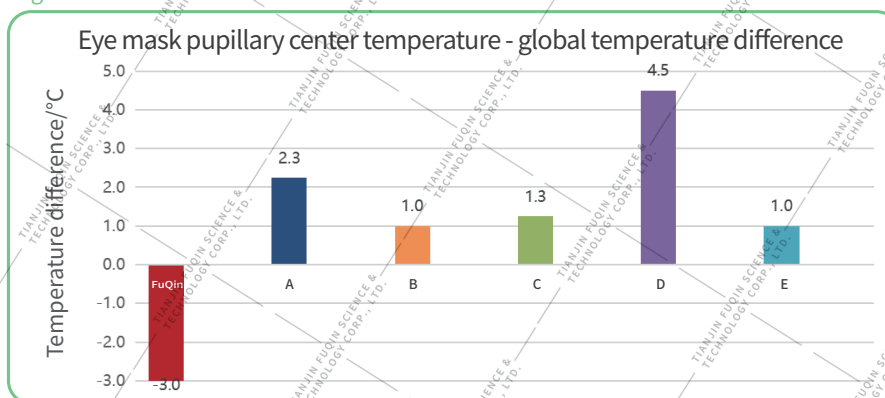

2. Steam volume at the same time: The steam volume of our steam eye mask is more than twice the steam volume of A-grade products in 20 minutes.

3. Start heating speed: The start heating time of our steam eye mask is only 2 minutes, which is the fastest compared with similar products tested.

2. Heating temperature in pupil area: the temperature of the eyeball part of our steam eye mask is 3°C lower than the overall temperature of the eye mask, a veritable "Pupil protection ring".

**Remark: Above A-H are other brand products.
The above data comes from Nuanshan Laboratory.

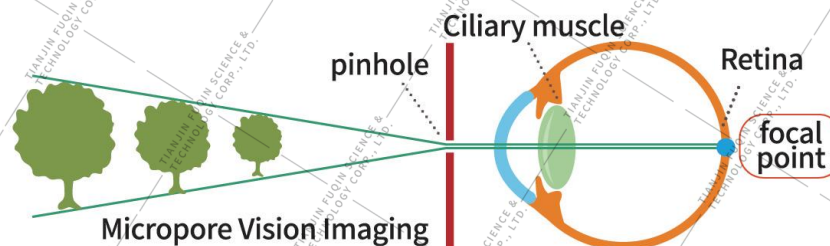

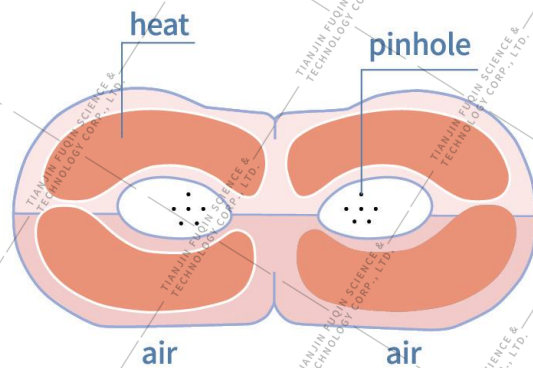

3D Pinhole hot eyemask

Give you bright and clear eyes

Exclusive production of 3D pinhole hot eyemask in China !

Chinese utility model patent number: ZL 2022 2 1006203.8

New Product Features

1. Constant temperature + steam - fully relieve eye fatigue;
2. Visibility through micropores - forging eye muscles and adjusting vision;
3. Depth of field effect - relax the fire state muscle and exercise the iris muscle;
4. Defocus mirror effect - form myopia defocus, reduce eye axis growth;

3D Pinhole hot eyemask

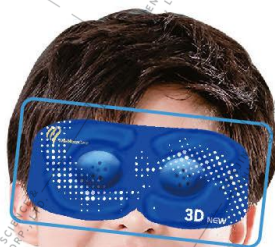

Give teenagers bright and clear eyes

Exclusive production of 3D pinhole hot eyemask in China !

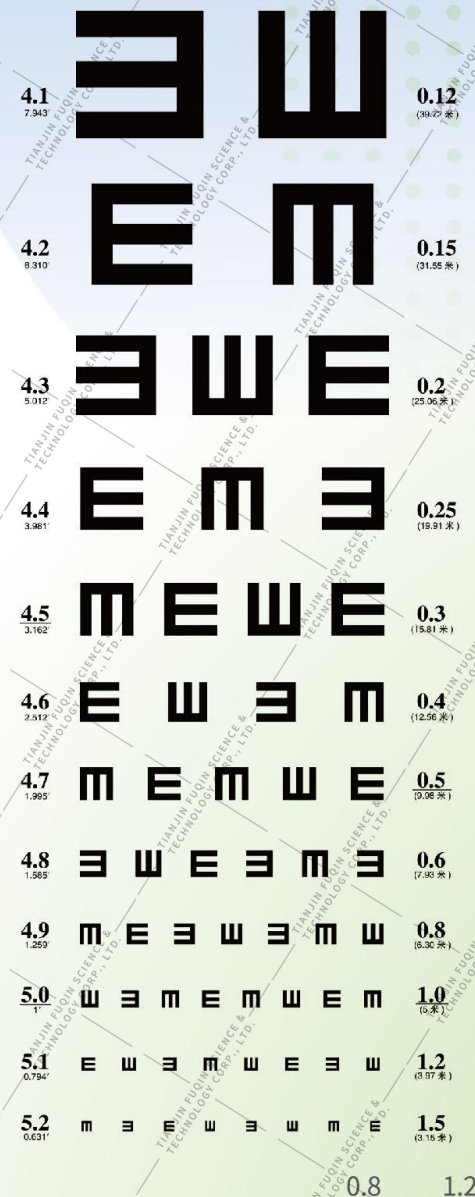

China Patent number : ZL 2022 2 1006203.8

Visibility through micropores
forging eye muscles and adjusting vision.

Depth of field effect
relax the fire state muscle and exercise the iris muscle.

Vision changes E → E

Let teenagers see the world more clearly

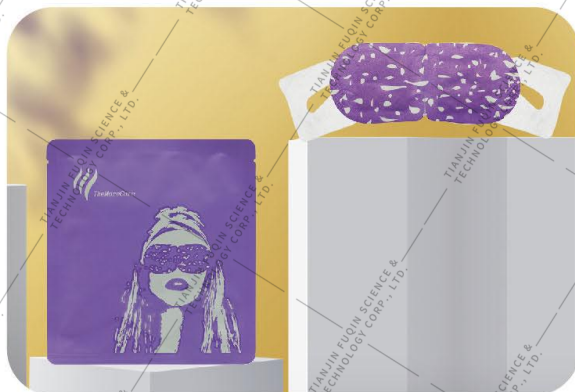

PRODUCT DISPLAY

Steam Eye Mask Series

A variety of functions, a variety of styles, you can choose!

Steam eye mask

Product features: Continuous steam, fast heating, skin friendly soft cotton.

Lanyard version (Steam Eye Mask)

Product features: Elastic ear loop (ear hook type), soft and comfortable.

Steam eye mask(PLUS)

Size 202*95mm

Product features: Heating area increased by 20%.

Acupoint Steam Eye Mask

Product features: Apply a hot compress to eye acupoints to keep eyes healthy.

PRODUCT DISPLAY

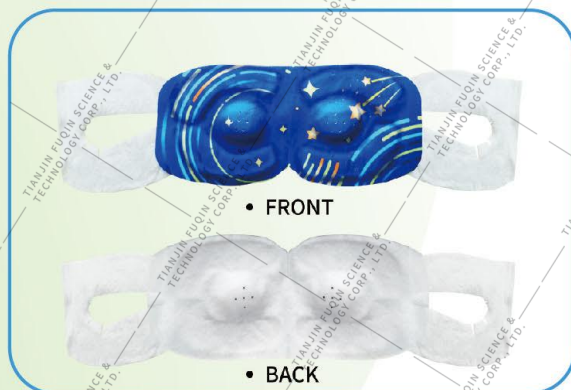

Steam Eye Mask Series

A variety of functions, a variety of styles,
you can choose!

3D microporous steam eye mask

Size: 190*85mm

Product features: 1. "6 holes" national patent to adjust vision, exercise eye muscles 2. 3D type C design, zero pressure sense.

Visual steam eye mask

Size: 190*94mm

Product features: It can also be used during work or other activities.

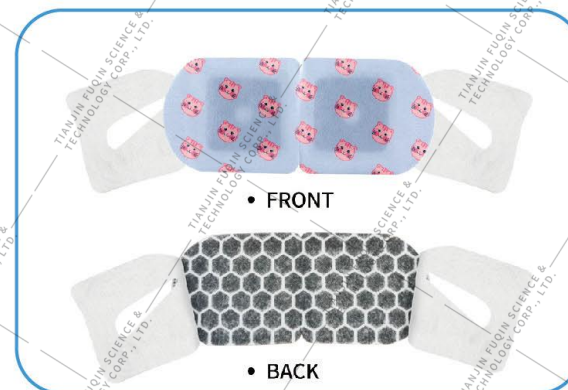

Weak Acid Steam eye mask

Product features: Steam is gentler, not easy to cause skin sensitivity.

Graphene steam eye mask

Product features: The graphene material promotes micro-circulation around the eye, alleviates eye fatigue, and is antibacterial, deodorant, and breathable.

Steam eye mask

size:185*80mm Heating Time:30-40 min
Average Temperature:Ca.42°C
Product features: Continuous steam, fast heating, skin friendly soft cotton.

Taichi Menstrual Patch

Size:211*93mm Weight:50±3g
Heating Time:10-12 hours
Average Temperature: Ca.45°C
Product features: Special S Curve Design, National Appearance Patent, Patent NO.: ZL202230058094.3, Popular in Europe and the United States.

Hand Warmer

Size:55*90mm Weight:25±3g Heating Time:7-8 hours
Average Temperature:Ca.55°C
Product features:For the field work, mountain camping, polar expeditions, winter tourism, skiing, fishing and other outdoor sports to provide warmth protection.

Toe Warmer

Size:75*95mm Weight:18±3g
Heating Time:7-8 hours
Average Temperature:Ca.42°C
Product features: Foot patch fit, warm foot,warm body

Insole Warmer

Size: S-235*80mm; L-260*80mm
Heating Time:5-6 hours
Average Temperature: Ca.40°C
Product features:Comfortable, foot warm, size optional.

Body Warmer

Size:130*100mm Weight:45±3g
Heating Time:10-12 hours
Average Temperature:Ca.55°C
Product features: Rapid heating, durable heating, sufficient heat.

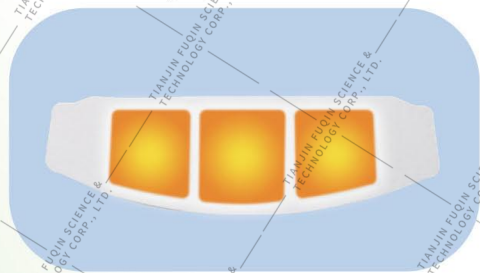

PRODUCT DISPLAY

OEM/ODM Medical warm patch series

Shoulder & Back Warmer Patch

Size: 288*90mm Weight: 45±3g
Heating Time: 8 hours
Average Temperature: Ca. 45°C

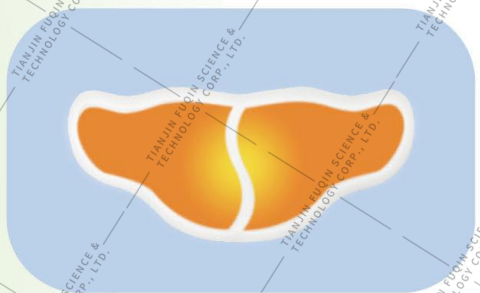

Product features: Adopting medical standard material of skin touch allow to use on skin directly. Relieve neck and shoulder pain, Relieve muscle soreness.

Taichi Menstrual Patch

Size: 211*93mm Weight: 50±3g
Heating Time: 10-12 hours
Average Temperature: Ca. 45°C

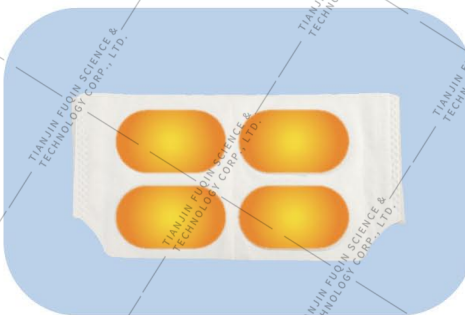

Product features: Special S Curve Design, National Appearance Patent, Patent NO.: ZL202230058094.3, Popular in Europe and the United States.

4 pack Warm Belt

Size: 780*145mm; 930*145mm
Weight: 100±5g Heating Time: 12+ hours
Average Temperature: Ca. 45°C

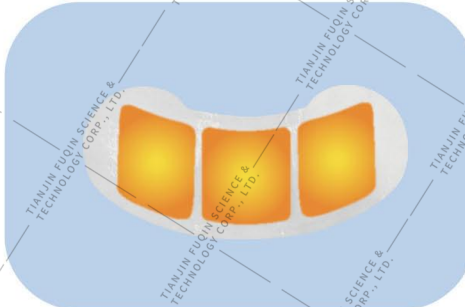

Product features: Relief of muscular backaches and pains.

Multifunctional knee elbow patch

Size: 215*102mm Weight: 30±3g
Heating Time: 3+ hours
Average Temperature: Ca. 48°C

Product features: Unique appearance design, suitable for all parts of the body.

Taichi Warm Belt

Size: 780*145mm; 930*145mm
Weight: 110±5g Heating Time: 8+ hours
Average Temperature: Ca. 45°C

Product features: Waist and abdomen, warm and warm compress.

Neck warming wrap

Size: 510*100mm Weight: 33±3g
Heating Time: 3 hours
Average Temperature: Ca. 55°C

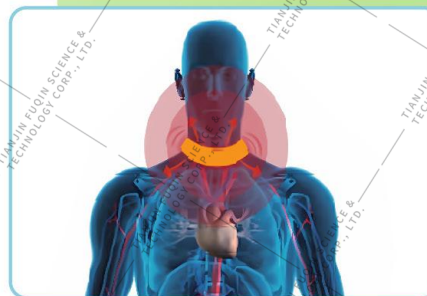

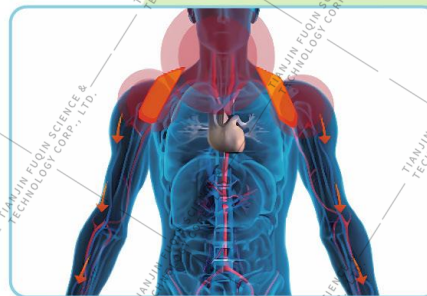

Product features: Neck care, relieve neck stiffness, air conditioning damp cold.

PRODUCT DISPLAY

Neck & Shoulder Warmer

1. Effective relief of neck and shoulder stiffness, swelling and pain.
2. Promote blood circulation, improve limb and body coldness.
3. Suit for all occasions, office, home, outdoors, etc.
4. Freely adjusted according to the size of the neck.

PRODUCT DISPLAY

Cooling Gel Neck Wrap

1. Nanotechnology, cool but not cold.
2. About 3°C fast cooling.
3. More than 3 hours continuous cool.
4. 360° all-round neck design, mild and non-irritating.
5. Compact, stylish and portable.

Gel care series

Medical instrument

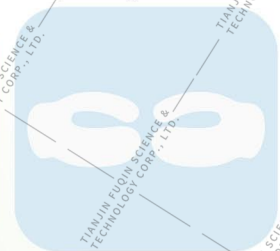

Anti-blue Light Gel Essence Eye Patch

Product specification: 180*85mm
Features: Anti-blue Light, timely hydration, visual double selection.

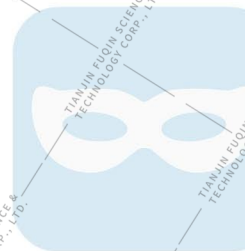

Instant Firming Eye Gel Patch

Product specification: 113*75mm
Product features: Moisturizing luster, smoothing fine lines, firming skin.

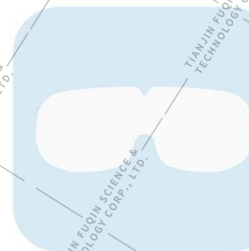

Visual eye care Gel patch

Product specification: 170*65mm
Product features: relieve fatigue, visual, eye protection.

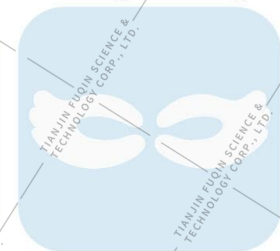

Full eye care Gel patch

Product specification: 170*66mm
Product features: herbal eye protection, comfortable.

Crow's feet Gel patch

Product specification: 108*73mm
Features: Special for crow's feet, moistening, smoothing, and firming.

Fever cooling patch

Product specification: 120*50mm
Product features: Special for children, paste comfortable, moderate viscosity, physical cooling.

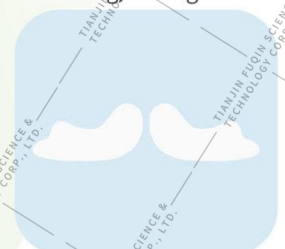

Forehead Gel patch

Product specifications: 184*135mm
Product Features: forehead lines special, moistening, smoothing, firming.

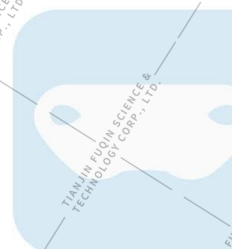

Nasolabial folds Gel patch

Product specification: 166*60mm
Product features: nasolabial folds special, moistening, smoothing, firming.

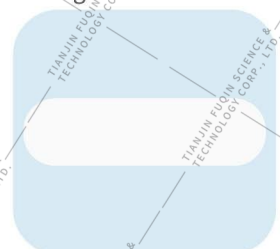

V-face Gel patch

Product specifications: 255*100mm
Product features: tight upward, shape ideal contour.

Neck Gel patch

Product specifications: 145*40mm
Product Features: necklines special, water, smoothing, firming.

Chest Gel patch

Product specification: 120*96mm
Product features: chest special, cold compress relief.

PRODUCT DISPLAY

Nose Comfort Cooling Patch

1. **Natural Herbs** to alleviate nasal allergy symptoms and related discomforts.
2. **Hydrogel Material**: skin-friendly & hydrating.
3. **Ergonomic Design**: nose-contouring fit.
