1. Product Overview

TC-5000d-XL4, TC-5000D-XL5,TC-5000D-20B,TC-5000D-20F are an Android based with a smooth touch-screen outdoor panels. It can be connected with Taichuan indoor monitor for audio/video communication, unlocking, and monitoring. Residents can communicate with visitors via audio/video call, and it supports unlocking the door remotely. It is more convenient and safer for residents to check the visitor's identity through its video preview function. TC-5000d-XL4, TC-5000D-XL5,TC-5000D-20B,TC-5000D-20F are often applied to scenarios such as villas, apartments, and buildings.
